

Creston Career Fair Checklist

■ Research Employers

If you can, get a list of the agencies attending the fair, & research the ones that you want to speak with.

■ Prepare for Interviews

You might only have a short time to market yourself, so prepare a brief & effective elevator pitch.

■ Bring Your Resume

Bring multiple copies of your resume, printed off; bring at least 2 for each company that you're interested in.

■ Network with People

Career fairs provide an invaluable opportunity to connect with employers and fellow job-seekers.

■ Wear Appropriate Attire

You don't need to wear a suit, but know what the appropriate attire is for your profession, & wear that.

■ Follow Up with Recruiters

Take the time to follow-up with agencies that you spoke with. Writing a "thank you" email to an employer can go a long way.
